

WELLNESS ACTIVITY PLANNER 2017

Provided by the American Institute for Preventive Medicine

The American Institute for Preventive Medicine has developed this calendar/planner to help you plan your 2017 wellness events.

The Institute is one of the first 5 companies to receive URAC Accreditation for Comprehensive Wellness.

For information about products and services that tie into the monthly health observances in this planner, [click here](#).

Many health promotion and benefits professionals like to hold wellness activities based on national health observances. This can increase employee/member interest and participation. Please contact us to learn about products that can be used to reinforce national health observances. Some of them are listed at the bottom of each page.
